

## CVSA Annual Roadcheck begins June 3rd

### To all our valued customers:

The CVSA Annual Roadcheck is the largest road safety inspection in North America. Every year around this time over 10,000 CSVA-certified inspectors take to the roads and highways for 72 hours to orchestrate over 60,000 vehicle inspections throughout the United States. With the large scale of the inspection comes the inevitability that our Drivers may be inspected by DOT officers. Should any of our trucks be held for inspection, we will contact you immediately in order to provide status updates on your shipment and expected delivery time frame.

Scout Logistics actively promotes and enforces the safety compliance of drivers within our organisation. In preparation for the CVSA Roadcheck (and every other day of the year for that matter), we provide the following recommendations to our drivers:

- Wear your seat belt!
- Pre-inspect your vehicle.

- Obey the speed limit.
- Maintain a safe follow distance.
- Keep your eyes on the road.
- Make sure you get enough rest to safely operate your vehicle.
- Check your brakes, coupling devices, lighting, steering, suspension, and tires regularly.

This year's inspection begins on June 3rd and ends June 5th. For more information regarding the CVSA Annual Roadcheck, [click here](#).

Should you have any questions, concerns or comments please do not hesitate to contact us.
